

DOMINATOR[®]

Colour Collection

Tough, Stylish Steel Colours

Choose from our wide range of colour options to suit your personal taste or the style of your house.

The right choice

All of our pre-painted steel is made in New Zealand for New Zealand conditions. Dominator garage doors are made from COLORSTEEL®. With over 30 years of experience, COLORSTEEL® is made with custom paint formulations to provide excellent colour performance and scratch resistance.

Looking for something else?

We have teamed up with Dulux to offer over 100 optional powder coated colours. Powder coating is a process where our garage doors are covered with a polyester or epoxy powder, which is then heated to fuse into a protective layer. You get an excellent finish and the choice of just about any colour you want.

Disclaimer

The colours in this gallery are intended as a guide only and are not available in all door styles. Refer to the applicable style brochure for a colour matrix. If colour selection is critical please request a steel colour sample from your local Dominator dealer. Please make contact with your Dominator dealer for advice and samples. Dominator reserves the right to change/delete colours without notice.

*Available for Roller Door styles only.

^ Primarily an Australian Colorbond® Colour.

Colour sample

Your Dominator dealer is happy to lend you actual metal colour swatches to take home and choose from.

NatureSteel

The NatureSteel garage door option has all the natural beauty and warmth of timber with the long lasting benefits of steel. Available in a choice of two colours – Rimu and Oak – this low maintenance door gives you timber aesthetics that will stay looking good year after year.

†Normally acceptable imperfections that are inherent with flatter door styles may be visually enhanced by darker door colours such as those marked.
